

Happy New Year

Beacon Medical Services would like to wish everyone a happy new year. We look forward to strengthening our working relationship with GP practices and building new ones. Going into 2017, we are fully focussed and determined to deliver excellence in our service to patients, that is why we have invested in new technology and qualified and experienced staff. We will not compromise on our service and our patient care.

Message from CEO Dr Chauhan

Welcome to the first newsletter from Beacon Medical Services Group.

We hope you find the information useful. Our forthcoming newsletters will keep you upto date with the latest developments at Beacon.

Service with Passion

Beacon Medical Services is proud to have been awarded the commission for the Community Ear, Nose & Throat (ENT) service

Beacon Medical Services Group has been commissioned by North, Central & South Manchester CCGs for a community ENT service. This service will be managing patients who were previously referred to

CATS. Our ENT service is consultant led and provides care closer to the patients' homes in the community. Referrals are being accepted via MICG, choose & book and fax.

Who we are?

Beacon Medical Services Group is a leading provider of medical care and diagnostic services to NHS patients. We are commissioned by the NHS and registered and fully compliant with Care Quality Commission.

Our services are GP Led and delivered by specialists at clinics close to the patient's home, providing highest level of satisfaction.

We provide high quality services with the latest state of the art equipment.
