- Gynaecology: including transabdominal and transvaginal
- Renal / bladder / prostate
- Scrotal / testicular
- Musculoskeletal
- Vascular

ultrasound

## Benefits of using Beacon Ultrasound services

- Our experience and knowledge of Primary Care to provide services of the highest quality in line with GP requirements.
- Led by GPs delivered by specialists.
- All patients are offered an appointment within 5 working days (usually 2 days), between Monday and Friday, at a clinic in close proximity to their home.
- Urgent referrals are accommodated within 24 hours.
- Ultrasound reports are dispatched within 1 working day via email followed up with a fax copy.
- Simple referral process.
- Multiple mobile clinics across all East Midlands CCG areas. We can provide additional clinics at short notice in any area.
- Tariff based payment therefore no additional cost to the GP practice.

## How to make a referral for Ultrasound services
